VIETNAM PLASTIC CORPORATION

No:..61.../CV-NVN-TCKT

Subject: Explanation of the difference in business results in 2024 compared to 2023

SOCIALIST REPUBLIC OF VIETNAM

Independence - Freedom - Happiness

Ho Chi Minh City, March 26, 2025.

To: **State Securities Commission**

Hanoi Stock Exchange

In compliance with Circular No. 96/2020/TT-BTC dated November 16, 2020, of the Ministry of Finance on guidelines for the disclosure of information on the securities market.

Vietnam Plastic Corporation would like to explain the business results for the fourth quarter of 2024 compared to the fourth quarter of 2023 as follows:

1. **The after-tax profit on the income statement for the reporting period has changed by 10% or more compared to the same period last year:**
   - **For the Company's separate financial statements:**
     - After-tax profit in 2024: **11,548,045,776** VND
     - After-tax profit in 2023: **111,348,347** VND
   - **For the consolidated financial statements:**
     - After-tax profit in 2024: **14,679,985,369** VND
     - After-tax loss in 2023: **(10,644,961,380)** VND

   The increase in after-tax profit for this reporting period compared to the same period last year was primarily due to the company reversing the provision for inventory devaluation during the period, resulting in higher gross profit compared to the same period last year. Additionally, financial expenses, selling expenses, and administrative expenses all decreased compared to the same period last year.
2. **The after-tax profit for the reporting period shows a profit or loss, transitioning from a profit in the same period last year to a loss in this period, or vice versa:**
   - **For the consolidated financial statements:**
     - After-tax profit in 2024: 14,679,985,369 VND
     - After-tax loss in 2023: (10,644,961,380) VND

   The reason is that during the period, the company reversed the provision for inventory devaluation, leading to an increase in gross profit compared to the same period last year. Additionally, costs such as financial expenses, selling expenses, and administrative expenses all decreased compared to the same period last year, resulting in profitable business operations for the company in 2024.

Vietnam Plastic Corporation prepares an official explanatory document to inform the State Securities Commission and the Hanoi Stock Exchange.

Sincerely,

Recipients:
